

Approved Caterers

OUR CATERING POLICY

When renting a Nashville Event Space venue, you are welcome to choose from one of the caterers on this list for your event. Please note that your catering invoice will be billed via your final invoice with Hospitality Consultants, the parent company of Nashville Event Space, rather than the caterer directly. A one-time 21% service charge is applied to food and beverage on the invoice. You will not be charged this service charge twice (once by Hospitality Consultants and once by the caterer). Please contact the Sales Office should you have questions about catering policies or procedures.

Nashville Event Space is a division of Randi Events LLC

Catering

Clients are welcome to choose a caterer from the Approved Catering List provided, and Clients are welcome to work directly with the caterer to plan the menu. The Randi Events design team is also happy to assist with menu planning. The final invoice from the caterer (once final menu selections have been made) will be sent to the event designer/operations person assigned to your account. A one-time 21% service charge will be applied to the food and beverage on the invoice. Clients will NOT be charged this service charge twice (once by the caterer and once by Nashville Event Space). Clients wishing to work with a caterer not listed on the Approved Catering list will incur an outside catering fee of \$7.50 per person. The caterer must supply a copy of their off-site catering license and provide a certificate of liability insurance naming Hospitality Consultants LLC (the parent company of Nashville Event Space) as an additional insured. The caterer and client must provide wait staff for the event, as the venue staff will not be responsible for clearing of tables, re-crating of glasses, etc.

Bar Services

Clients are permitted to purchase and bring in their own alcohol (beer, wine and/or liquor). All alcohol is required by Tennessee law to be served by an ABC Certified bartender. Nashville Event Space / Randi Events will hire all bartenders for the service of alcoholic beverages. One bartender per 75-100 guests will be required. Food must be served if alcohol is served at the event. A Bar Management Fee is assessed on the final invoice based on the type of bar services provided at the event. This Bar Management Fee provides the following items for the Event: soft drinks (Coke, Diet Coke, Sprite), bottled water, juices and mixers (full bar service only), ice, white square beverage napkins, disposable clear cups, garnishes and items used to serve and chill beverages during the Event. All remaining alcohol purchased by the Client must be removed at the conclusion of the Event or it becomes the property of the venue. Nashville Event Space, Randi Events and its staff reserve the right to refuse service to anyone appearing intoxicated. **See rate sheet for Bar Management Fees.

Equipment Rental

Rental equipment (i.e., tables, chairs, linens, décor items, sound system) is not kept in inventory at the venues. Rental equipment is provided by third party rental companies. The designers at Randi Events will be happy to assist you with the coordination of these rental items if you utilize the design services of Randi Events. The following vendors must be licensed and insured: rental equipment provider, lighting company, draping/hanging décor provider. These vendors must supply a copy of their Certificate of Liability Insurance (COI) in advance of the event. Hospitality Consultants LLC (the parent company of Nashville Event Space and Randi Events) must be named as an additional insured. We allow wedding cake, flowers and other small décor items to be provided by the client or by the vendor of the client's choosing with no additional documentation required. When the Randi Events design team is working with the vendor on behalf of the client, the design team will be responsible for collecting this documentation.
